

testing::Test

```
classDiagram
    class testingTest["testing::Test"]
    class FarmermarketTest
    FarmermarketTest --|> testingTest
```

The diagram shows a class hierarchy. At the bottom is a grey-shaded box for 'FarmermarketTest' containing attributes and methods. A blue arrow with an open triangle head points from this box to a white box above it labeled 'testing::Test', which has two empty compartments for attributes and methods.

FarmermarketTest

# testFilename

# testIn

# testOut

# testOutputBuffer

# SetUp()

# TearDown()

# ReadTestOutput()
